These are update every four months, and are open to all parents/carers.

### Online resources for parents and practitioners

The 'Talking Point' website contains a wealth of information and advice to enable you to support children with speech language and communication needs. There is a progress checker that you can use if you are concerned about a child's speech language and communication skills to help you identify how you can help them and if a referral to Speech and Language Therapy is advised. The site also has a large number of free and charged for resources to support your work. Visit the site [here](#)

### Training Opportunities

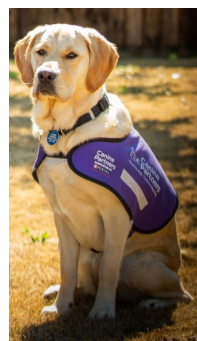

This term we are running a number of courses including:

- ⇒ Picture Exchange Communication Training (PECS)
- ⇒ Supporting Children with Expressive
- ⇒ Language Difficulties

### New member of the team

This summer Queenie joined our team in her role as an assistance dog, working with one of our therapists Jess. If you see Queenie around and about please do not make a fuss of her as she is at work and has to concentrate.

If Queenie is going to be at an appointment Jess will let you know beforehand.
